# Playing in the Dirt

College isn't just about learning, it's about having fun too!

College is supposed to be the best years of our lives, but with classes, homework, group meetings, and sleep, when does one find the time just to relax and have fun? Well, it's not as hard as it sometimes seems to be.

We all know that Clarion is not the mecca of things to do, but with a little ingenuity and some help from the University fun is

just around the corner.

The Student Life Section is dedicated sharing the lives of students on campus, whether by opinion or by fact.

What is new on campus, what's not? How does he spend his free time or how does she spend her free time? That's what this section is about.

The Autumn Leaf Festival has been a big tradition here in Clarion. This year was no exception. The theme for this year was Carousel of Colors, and full of colors it was.

Despite that it was cold this year, many alumni and others flocked to Clarion for the annual festivities. Included in these traditional festivities were the AutoRama, the sidewalk sales, craft fair, the parade and football game.

This year's parade, however, had some new twists to it. For the first time ever the parade was broadcast over the internet on the Clarion Web page.

Included in the ALF festivities was Clarion University's Homecoming. This year's king and queen were Drew Wilburn and Rebecca Ritter, who were crowned at the annual pep rally before the Blessid Union of Souls concert.

## Living on Campus: A whole new experience

I am a junior here at Clarion and for the past three years I have lived in Campbell Hall. My freshman year was spent on the 6th floor on the B wing. I was supposed to room with my best friend from home, but instead I decided to just room with whom ever I was assigned to. This definitely worked out for the best, because we both met so many new people this way. I made some of my best friends my first year at Clarion.

My sophomore year was spent on the 5th floor on the B wing. Some

changes occurred this year. The biggest change was most of my friends from my freshmen year were now in sororities and no longer living in dorms. I on the other hand decided not to join any sororities. By living in the dorms I was able to meet more new people.

My junior year has been spent on the 5th floor on the B wing also. I was going to get an apartment this year, but I chose to remain in Campbell for one last year. I'm glad that I chose to stay, because I have met some of my closest

friends this year. Although friends change from year to year, I know that the girls on the 5th floor are there to stay. I know this because through all of our good times and hard times, which there have been more hard times, we've always been there for each other. We have all grown as close as sisters.

Each wing on every floor has different social events at least once a month. Some of the socials which took place this year were wing night, self defense, and several

others. One social event which occurs mostly in Campbell, Wilkinson, and Nair Halls in the middle of the night is fire drills. Campbell hasn't been too bad compared to my two previous years.

Living in the dorms was a great experience for me since I am an only child. It was nice having someone to talk to before going to be and always being there for one another.

The first year away from home is so overwhelming with freedom. There are not any parents to tell you what to do. Just don't go overboard.

## Living Off-Campus: Is it good or bad

Living off campus can be so much fun. There are so many options when you live off campus. You can live in an apartment building, house, or trailer. There are advantages and disadvantages living off campus.

One advantage of living off campus is you do not have to follow dorm rules such as the rules for quiet hours or alcohol. Another advantage of living off campus is you can cook for yourself. Some students have a meal plan, but they only

get five or ten meals. Finally, you will not have to go outside for fire drills. The only reason why you might have a fire drill if the smoke alarm goes off when you are cooking dinner.

The apartment, house or trailer you live in may be miles away from campus, so you might have to walk miles in the cold to get to class. Another disadvantage of living off campus is dealing with the landlord. Some landlords are very nice, but others can be money

hungry. Finally, paying a lot for utilities, was the last disadvantage of living off campus.

Living off campus can be a good or bad experience. I think it is a good experience, because you are learning how to live without the influence of RA's or parents. It teaches you how to manage your money for bills. The best part of living off campus is it teaches you how to cook. If you get the chance to live off campus take it.

# Recreation

Some students spend their free time doing such things as playing racquetball or riding bikes on or off campus. Although some students take advantage of the warm weather and play basketball at Nair hall basketball courts. The lighted tennis courts which are located near Wilkinson Hall provide the students with the opportunity to play tennis or hockey at night.

Also UAB, Recreational Outdoors Club, and Intramurals provides the students of Clarion University with recreational opportunities. UAB provides trips and

events such as the Laser Storm Game. The Recreational Outdoors Club gives students a chance to participate in such activities as hiking, rock climbing, and whitewater rafting. Finally Intramurals provides students with a large range of athletic and recreational events such as football, basketball, and soccer.

*The Still Hall bicycle parking lot is always full, since bicycles are a popular means of transportation among Clarion University students.*

## Should Dr. Reinhart Have a New House

One of the biggest controversies on campus this year is the building of President Diane Reinhart's new house. The house is being built behind Still Hall and Lot F. It is estimated that it will cost over \$200,000 to build the 5500 sq foot house. The house will be three and a half stories high, and include an elevator, four bedrooms, a family room, a kitchen, and a dining room which will be able to seat 20 people. It will also include a two-car garage, laundry room, storage room, and three bathrooms. To many people here on campus, many aspects of this new house are unnecessary. However, being as we have no say in this matter, the house will be built much to our dismay.

*This is the view of Wilkinson Hall from Dr. Reinhart's new house located behind Still Hall.*

## A Season in the Air

"...Five golden rings, four calling birds, three french hens, two turtle doves, and a partridge in a pear tree!" Ah, the sounds of a great Christmas Carol. What else does a girl need? Well, some construction paper, Christmas lights, makers, glue, and color pencils would be extremely nice. The fever visited once again this year. What fever, you ask? The fever of wanting to decorate for every holiday that visits Clarion University. Doors, windows, rooms are always decorated by students in the dorms.

The UAB provides a number of events in which students can participate in holiday events. Dances, and projects are loved by much of the student body. Fraternities and sororities also hold annual holiday events.

Holidays provide a way for students to get away from the drudgery of life in Clarion.

# UAB

The University Activities Board is one of the main programming groups here on campus. It is comprised of seven different committees, which offer a wide variety of programs. There is the Arts Committee, which sponsors programs such as the Christmas Carol and the Griot. Then there is the Special Events Committee, who is responsible for homecoming and many of its festivities. The Recreation and Wellness Committee are responsible for the Wednesday afternoon Wellness Programs, and events such as Little Sibs Weekend, and Whitewater Rafting. The Union Committee offers programs such as Movie Nights and coffee houses. Then there is the Lecture Committee, which brings in speakers such as Denise Brown and the Warrens. The Concert Committee is responsible for the annual concert and Battle of the Bands. Last, but certainly not least, is the Publicity Committee, which is responsible for advertising all of the UAB events. As you can see, the UAB has something to offer everyone. So, the next time you are bored, get involved with the UAB, or as their slogan goes "Another event for you!"

Songs of the night, these male students sing and play their hearts out at one of the UAB's Talent Nights. These nights were enjoyed by all.

Singing a tune, these women work hard for their money at Karaoke Night. Karaoke was enjoyed by many.

# Gemmell

James C. Gemmell Student Complex is located on Wilson Avenue and Payne Street on campus. Gemmell open in the Fall of 1992, which makes it one of the newest buildings on campus.

Gemmell Multi-Purpose Room is the biggest area where such events as conferences, UAB events, and other large events that attract students and people in the community are held.

If you want to get in shape then Gemmell offers a workout area that contains the state of the art Nautilus and weight training equipment. There are also aerobics classes, and three racquetball courts. If you are not interested in exercise then there is a game room, filled with pool tables and video games.

The Rotunda is where the French Coffee Cart is located. The French Coffee Cart allows students to use their board or flex to buy coffee, other beverages, and baked goods. For informational needs about campus, the Student Center provides the Information Desk on the first floor Rotunda.

*Steve Madeja and Julie Barletta peacefully pick out pictures for the Student Life section of the Sequelle*

At the other end is where the Student Book Center and Clarion Express Shop are located. Outside of the book center there is an ATM and a postage stamp machine.

Upstairs is where the offices of some of the student activities are located. Students are welcome to check them out.

The outside of Gemmell Student Complex is where Activities Day and the Earth Day Jam are held.

Pop rock group "Blessid Union of Souls" added to the excitement of the busy Autumn Leaf Festival by performing in concert held at Tippin Gymnasium on October 3.

Blessid Union of Souls are well known for combining a mix of folk rock and gospel, creating a soulful sound for listeners in their hometown of Cincinnati, Ohio. Band members Eliot Sloan and Jeff Pence started out as an anonymous cover band on the East Coast, soon including members Eddie Hedges and C.P.

Roth. The band released their first album, "Home," in 1995.

The album features hits such as "I Believe," that sold over 300,000 copies, along with "Let Me Be the One" and "Oh Virginia." The group has received good exposure by performing on talk shows including "Live with Regis and Kathie Lee" and "Late Night with Conan O'Brien," just to name a few. They were also featured on the Sountrack of the movie "Ace Ventura II: When Nature Calls."

# Public Safety

Contrary to popular belief Public Safety does do more than just hand out parking tickets. They consider the safety of the students and faculty their top concern. There are twelve commissioned officers in cars, on foot, and on bikes patrolling the residence halls, campus buildings and parking lots.

The officers are trained in fire arms, first aid, physical conditioning and self defense. Each officers retrained every year and must go through a fire hazard training course.

Public Safety also performs many crime intervention programs throughout the year.

As of right now Clarion University is the third safest campus on the eastern seaboard. However, despite being such a safe campus we probably rank number one in parking ticket violations.

Public Safety Officers take a break from checking building security to pose for a picture. Providing safety for the students takes a lot of time and dedication from all the officers.

A familiar sight, a Public Safety patrols the parking lot between Campbell Hall and Marwick-Boyd. Safety is everyone's number one priority.

Public Safety's rule of three outstanding, unpaid parking tickets causes, Senior Education Major, Lonn Courtney Burney to get a boot on his car. This requires him to pay twenty-five dollars plus his tickets in order for it to be removed.

Julie Barletta feeds Babette when she went on her encounter to her friend's house.

## Non-Traditional Pets

When you spend the weekend at a friend's house, look out, because who knows what kind of pets they might have. I speak of this from experience. One weekend, I went home with my friend, and discovered that she had a pet goat, named Babette. At first, I was in total shock, for I was not expecting to see a goat in her yard. I was in for an even bigger surprise. I got to feed the goat.

That weekend was a weekend that I will never forget. Just remember, when you are exiled to a friend's home, beware!

# NAACP Chair begins Social Equity Week.

This year the Keynote Speaker of Clarion University's Equity Week Celebration was Myrlie Evers-Williams. Myrlie Evers-Williams is a civil rights leader and Chair of the National Board of Directors of the National Association for the Advancement of Colored People (NAACP). Her presentation was "America at the Crossroads."

Evers-Williams has dedicated her life to implementing change while struggling for justice and equality in America for years. She spoke specifically of the struggle that African-Americans have had as well as the struggle that women have had in the past and the present.

She reminded the audience, through her presentation, of what the country should be based on which is "the land of equality, and equal opportunity."

Her address was filled with personal experiences of what she has seen and what changes have taken place during her lifetime. She also talked about the beginning of the equity movement in the United States.

Evers-Williams pointed out things are slightly better with social-equity, but we should seek a better tomorrow. The example she used was she spoke of the lack of women in the "corporate field" and Congress.

She took a hard stand on Affirmative Action at the presentation. She spoke of taking Affirmative Action, for without it "we wouldn't be where we are now."

Dr. Reinhart welcomes Myrlie Evers-Williams and the audience.

## Activities Day

Activities Day was held once again at the beginning of the fall semester. The main purpose of this event is to encourage students to come out and join in extra-curricular activities.

Many clubs, sororities, and fraternities, set up tables to show what they are about. For instance, sororities and fraternities displayed their paddles and composites along with photo albums showing their activities. The Sequelle passed out yearbooks and old pictures from past years. WCCB sold old CD's and T-shirts while the Bios club displayed pictures from past Bios Club trips.

This year Activities Day was held on a Wednesday rather than Sunday.

Also, instead of holding a concert, WCCB broadcasted from the stage outside of Gemmell.

Many came out on this warm, slightly overcast day to make the event a success.

Wow, what a year this has been. Let's just say things can always get worse than what they are. We had four editors quit and the person in charge quit. Pictures weren't taken or didn't turn out. Names were misplaced and lost. Deadlines were missed without some of our knowledge. Printers were broken and we had to wait four months before we could buy a new one. More than enough has gone wrong, but somethings have gone right.

The Sequelle Staff would like to thank all those people who aided us in our need to get this book done. We want to thank Mr. Edward Powers for his help in getting us pictures of all the plays performed here at Clarion this year.

Enjoy the book!

# With Friends

"If there is one ingredient in which adds warmth and love to our lives...it is friendship.  
If there is one relationship to help us through all the others...it is friendship.  
Friends surround us with beauty of their caring.  
With friends we can share what we see, what we feel and what we love.  
Friends help us with our problems because they listen.  
And as they listen we begin to hear the language of our own hearts.  
With friends we can walk along the remembered paths of our lives completely share our experiences.  
With friends we can work the solid of forgotten dreams that need to be tended and nurtured once again.  
With friends we can plant the seed of our hearts and new dreams.  
We can always return to a friend like going back to a special place...  
We can always return to a friend like going back to a special place...and find the same warm feeling unchanged by time or distance.  
Life gives us friends so we can share the precious times and memorable moments of being children, and teenagers, and adults, and parents, and grandparents.  
Life gives us friends so we can share the growing up ...and growing down and old.  
With friends we have a place to go to be accepted and understood.  
Together we can laugh.  
Together we can cry.  
Our thoughts are heard, our feelings are held in the heart of a friend.  
With friends our lives are made more full, more rich, more open, and beautiful, and blessed!!!"

As seniors, we have dug deep enough and now it is time that we plant out roots and allow ourselves to grow. We've nurtured our minds and watered our imaginations with knowledge and experience. As we prepare ourselves for life, it is time we leave this garden of Clarion and and move on.

"Roberto the Magnificent" and John re-enact the Olympic's Ceremonial Opening with the Olympic Flame. The Gentleman Jugglers were great entertainment for all who attended. They threw knives at each other, beat vegetables with blunt objects and squirted water at the audience. Laughter was the theme of the night.

# Gentleman Jugglers

The University Activities Board (UAB) presented the "Gentlemen Jugglers" to the students of Clarion University of Pennsylvania on Tuesday, February 18, 1997, at 8:30 p.m. in the Gemmell Multi-Purpose Room. The admission price was \$3.00 for the public and free to Clarion University students with <of course> a valid identification card.

The Gentlemen Jugglers are two guys who bring a 90's twist to variety shows. Working with popular music, the Gentlemen Jugglers dodge pins, knives, and torches, often while riding seven and ten foot unicycles. Their synchronized swimming and ballerina impersonations are considered to be a highlight of their show. The act consists of the straight man, "John", and the wild comedy of "Roberto the Magnificent."

The Gentlemen Jugglers have showcased their talents for the large grandstands at several of the most prestigious fairs in the United States and Canada. They have even opened for several national acts such as Elvin Bishop and Conway Twitty.

This year, the Gentlemen Jugglers have also appeared with Reba McEntire on TNN's Statler Brothers television show.

In the fair's market, the duo have showcased successfully at both regional and national levels.

They gave the audience more than just batons, but a real sense that the Golden Eagle's music was alive. The band and Majorettes performed in rain, sun, snow, sleet, and freezing rain to show support for the Clarion Golden Eagle Football Team. Their support helped rally the fans at games to cheer and make noise along with the music. Dedication is a word that the Clarion Band know well.

*Clarion University gets a new Director of bands, Dr. Casey Teske.*

Dr. Casey Teske, the new Clarion University of Pennsylvania Director of Bands, has some goals in mind for this year's performing season.

"Because the band represents Clarion University, it is important that our performances are of the highest quality," says Teske. "There are currently 105 members in the Golden Eagle Marching Band, a number that has not been obtained since the mid 1980's. This amount of growth in my first year has everyone very excited."

"I came to Clarion because I felt there was terrific potential, and I was impressed with the music department faculty. I remember leaving the interview thinking how much I would like to work with these people. I hope to bring high energy and a sense of commitment to the band program. The support I've received from the department and university administration is phenomenal."

In addition to the Golden Eagle Marching Band, Teske will direct the Symphonic Band, teach conducting, marching band technique, and instrumental music methods.

## Twinkling Toes

"Twinkling Toes," the 1996 Annual Dance Concert, was held in the Marwick-Boyd Auditorium on December 5 and 6. Marilouise Michel, Associate Professor of Speech Communication and Theatre, directed the evening of eclectic dance with a little something for everyone from Broadway to Michael Jackson.

Michel choreographed several of the dance numbers, including the 18 minute finale to the show performed by the dance repertoire class. The impression of "The Ancients" by the group "Yes," was choreographed in order to entertain the audience with a different style of music and dance accompanied by a light show effect and boxes used for props. Michel's theme to her choreography is centered around toys with dancers performing with props such as boxes, chairs, hats, and a parachute.

Student choreographers of the show were; Tamica Stubbs, Christina Riffle, Dawn Marie Snyder, Donna Michelangelo, Angie Disalvo, Lisa Robinson, Elizabeth Saglio, Jennifer Lennox, and Lisa Kubik. Some students dances to receive credits, others just danced for fun.

Costumes for the concert were coordinated by, Michelle Kilbert. Myra Bullington designed those for "The Ancients." The light designer was, Ed Powers, Speech Communication and Theatre Faculty member.

Over 80 students from various majors performed in the annual concert. Music Department faculty member, Dr. Brent Register and Dr. Lawrence Wells, accompanied the performance of "Seraglio".

# .....Tamburitzans.....

On Tuesday, September 24, 1996, Clarion students got an unique cultural experience. The Tamburitzans of Duquesne University performed in the Marwick Boyd Auditorium. The program was sponsored by the University Activities Board (UAB).

The Tamburitzans were founded in 1932 by Dr. Lester Pierce. Pierce founded them at St. Thomas College in Minnesota, but later he moved them to St. Edwards University in Texas around 1934. By this time, the group had grown from just three members to seven. In 1937, Pierce moved the Tamburitzans to Duquesne University, because he was impressed with the multi-cultural community of Pittsburgh. The Tamburitzans were all male until the time of the second World War when women joined.

The Tamburitzans put together a two hour folk art program every summer. The program included authentic costumes and instruments from many Eastern European and Slavic nations. The performers are all Duquesne University students, and they hail from all over the world.

Throughout the night, they performed twenty-two dance and music numbers. Some of the numbers included Minore Taxim and Ciocirlia. All of the numbers were loved by the huge audience. The Tamburitzans perform throughout the Pittsburgh Community and the nation, not to mention the world. They have been called as goodwill ambassadors by the United States State Department. They have also been on ten international tours.

Clarion University was truly honored to have such performers to entertain us for a night. Their talent and energy was an inspiration to all.

*Let's Chat: (above)* Dr. Spina translates for members of the band. The performance included both music and a cultural lesson. There was also a question and answer period throughout the night.

*Play that funky music: (right)* Members of Runakuna warm up before their performance. Runakuna originated from the mountains of Ecuador. Their performance was enjoyed by the audience.

*Tip Action: (left)* The main attraction of Runakuna's was their extensive use of bamboo pipes. The pipes gave the group a truly original sound.

*MC. Microphone: (left)* The audio equipment is an important part of the performance. Runakuna brought all their own equipment from Ecuador, because many of their instruments were not compatible with regular audio equipment.

---

## *Runakuna*

Slowly the sweet sounds of music drift out of Hart Chapel. No it's not just another night. It's a night like no other. It's an ALF (for those of you who don't know, ALF stands for Autumn Leaf Festival) night. To most people ALF means food, beer, and fun, but ALF also offers some culture. Runakuna is a performing group from South America. More specifically from the Andes Mountains of Ecuador. The native language of the members of Runakuna is Quechua. This is also the language they use to sing.

The performance took place on Wednesday, October 2, 1996. Many members of the student body, staff, and public attended.

Runakuna performed many songs from their CDs. What's special about Runakuna is that they make many of their instruments such as the rondador, zampona, quena, charango, and the chakcha. What, you say? More than likely you have no idea what these instruments are, let alone being able to pronounce them. The rondador and zampona are bamboo pipes. The only difference is that the zampona is more than one set of piped bound together. The pipes were the most unique thing about the group. A quena is something like a recorder, except it is also made out of bamboo. The Charango is a small guitar like instrument. Finally, the Chakcha, is goat toe nails tied together to make a rattle.

Runakuna performs yearly during ALF. They are found outside the Clarion Court House where they sell handmade crafts. It is a treat to have them come to Clarion and perform. Runakuna performs throughout the world, so next year take a break from beer drinking and enjoy some culture.

"Reckless," a hilarious and touching adventure by Craig Lucas, opened the 1996-97 Clarion University Theatre Season. The show ran from October 8-12 in Marwick-boyd Little Theatre.

Rob Bullington, of the Speech

Communication and Theatre Department, directed the production. "Reckless, is a plot driven, black comedy," says Rob Bullington. It covers 14 years of the life of Rachel, a devoted wife and mother, who receives bad

news from her husband at Christmas. This is only the beginning of Rachel's personal odyssey of discovery about herself and the country.

This is not an easy play, describes Bullington, "Each role presented a challenge. Each of

the roles is for a person older than the student in the part, meaning they had to convey a maturity they may not have reached as yet."

The stage for the production is a series of platforms designed to convey a variety

of locations. Lighting and musical effects were used to create moods and enhance the reality of the performance.

# Baltimore Waltz

By: Melissa Anderson

A comedy, "The Baltimore Waltz," was performed November 12-16 by the Clarion University Theatre Department. Paula

Vogle, the author of the play, based the play on her experiences with her brother, Carl's, battle against AIDS. The story line

was a reversed role where the sister had the disease and her brother helped her live the last days of her life to the fullest. The humorous tone

helped lighten the serious subject, but still gets the plays' message across. Many members of the cast, were invited to perform scenes from the

play at The Kennedy Center American College Theatre Festival. They took part in this production to honor loves one they had lost.

*Operation Squat, (l-r) Patrick S. O'Neil gives the correct directions for using the bathroom facilities. Patrick played twelve different characters throughout the play. Not only was "The Baltimore Waltz" great entertainment, but it discussed the not-so-funny topic of AIDS with great ease.*

# Sweeney Todd

The Clarion University Theatre closed another successful season with the tremendous performance of "Sweeney Todd--The Demon Barber of Fleet Street". The Tony Award winning musical was the first production to be held

in the newly refurbished Marwick-Boyd Auditorium, from April 23-26.

The musical "Sweeney Todd" is set in Victorian England. Todd, played by Wesley Craig, is a barber that kills for revenge. He is in cahoots with Mrs. Lovett, played by

Kristie Belles, who sells meat pies for a living. Made from cat meat, Mrs. Lovett claims that her pies are the worst in London. When Todd would go on a killing spree, Mrs. Lovett would use the human flesh in her pies. The human meat pies

were popular and Todd's business became a huge success. The finale of "Sweeney Todd" shocked the audience who later gave a much deserved standing ovation.

"Sweeney Todd--The Demon Barber of Fleet Street" show-

cased Clarion's marvelous talent. The dedication and hard work of all involved proved to be a worthwhile investment of time.

# Magrigal Singers

The Clarion University of Pennsylvania Madrigal Singers performed their spectacular Fall concert on Tuesday, October 29, in Hart Chapel. The production, directed by Milutin Lazich, featured Franz Schubert's "Mass in G Major." Talented sopranos, tenor, and baritones showcased their talents in solos. Kyrie, Gloria, Sanctus, Benedictus, and Angus Dei were performed in Latin. Karen Hetrick accompanied on the organ.

The 19th Annual Madrigal Dinner was held on Saturday, Dec. 7, in the multi-purpose room. The concert contained music of many different periods from the Renaissance, to modern Madrigal music. For the dinner, the multi-purpose room was decorated as an English Castle and the singers were dressed in 16th century costumes. The dinner is loved by both students and the community. Milutin Lazich also directed at the dinner.

The Clarion University of Pennsylvania Show Choir presented its annual Spring "Pop" concert on May 3. The free concert was held in Marwick-boyd Little Theatre.

The show choir which consists of 20 singers, performed the following musical selections: "Get Happy", "Moon Indigo", "Footloose", and "Forever Doo-Wop."

A number of vocal solos and duets were sung by Amy Irwin, Christopher Ritz, Seana Simon, Micahlee Lopuh, Nicole Flynn, and Patrick McGroarty.

The show choir and the soloist were accompanied by the Show Choir Band. "Mercy, Mercy, Mercy" and "The Preacher" were the two instrumental numbers performed by the Show Choir Band.

# ..... Concert Choir .....

A variety of songs were performed in the Clarion University of Pennsylvania Concert Choir's Holiday Program. The concert was held on Friday, November 15. Milutin Lazich, Associate Professor of Music, directed. The highlight of the evening was "Christmas Oratorio" by Camille Saint. The choir was accompanied by the organ, harp and a string ensemble.

The Clarion University of Pennsylvania Concert Choir's Spring Concert was held on Tuesday, April 29. It was directed by Milutin Lazich. The 75 member chorus started the evening on a classical note, but as the program progressed the sounds became more familiar to the younger audience. The second half of the program included numbers from "West Side Story," "Walt Disney," and "Les Miserables."

## Disclaimer

*This book is not up to the potential of any yearbook past or present, and certainly not the future. The problems that this book incurred have been numerous and disastrous. We apologize to all those who are receiving this book. This book was doomed from the beginning due to unprofessional, and irresponsible leadership which caused the Sequelle staff not to perform to their full potential. We apologize to the sports teams who had magnificent seasons this year. Our doomed leadership and lack of cooperation from sports leadership caused the absence of a sports section in this book. We did everything in our power to fix this book, but fate dealt a deadly blow. The problems that in-*

*cluded in this book will be fixed with the new leadership of next year's book. Again, we apologize. Please give us one more chance to prove ourselves.*
